June 2019

ANNOUNCEMENT – Mr. Donald Gibeaut Elected Chairman of The ITA North American Management Board of Directors

Warren, OH – June 2019 – Ajax TOCCO Magnethermic / Emmedi would like to congratulate Don Gibeaut on his election to Chairman of the North American Management Board of Directors (**NAMB**) for the International Tube Association (**ITA**). Don is product manager for ATM's Tubular Products Division and has been a great asset to the company. He is very passionate of the global tubular industry, including Heat Treat Processes, Quench and Temper Lines, Emmedi Welders, Coating Systems, and all other associated tubular processing products. We're confident that Don's leadership as Chairman of the ITA Board of North America will help the tube and pipe industry continue to develop and excel.

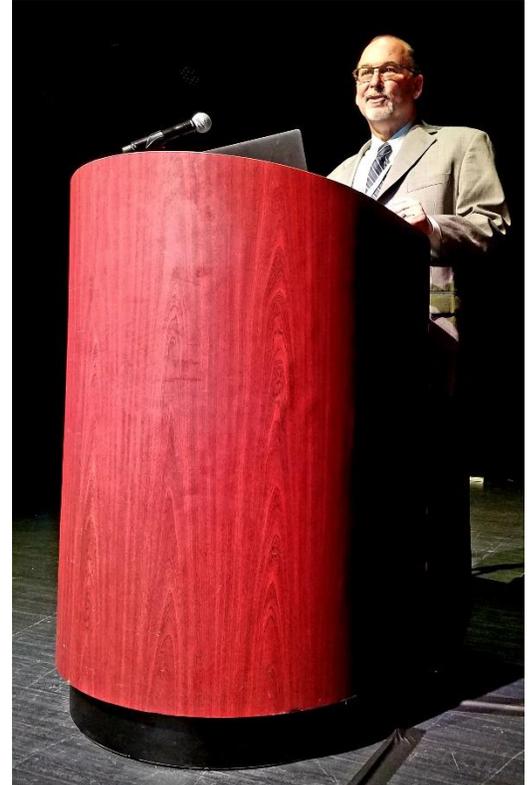

[ITA – International Tube Association](#)

The ITA is the sole globally active membership association for the tube & pipe industries, offering a unique range of benefits, services, and events to promote new technology and growth within our industry. With members in more than 70 countries worldwide, and individuals from nearly 600 organizations, this association provides a technical and market information platform, driving change and growth in the industry.

Please help us in congratulating Don Gibeaut on his recent election to chairman of the ITA's NAMB Board, and feel free to contact him with any questions you may have.
